2022 SPORT PROGRAM OVERVIEW

PROVIDING ENJOYABLE AND AUTHENTIC OPPORTUNITIES THAT FACILITATE LIFE-LONG ENGAGEMENT

ATC recognises the value that sport plays in the lives of young people and aim to provide a variety of authentic playing and non-playing experiences that enriches each student's schooling journey and facilitates sustained involvement in sport into adulthood.

NON-PLAYING OPPORTUNITIES – Pathways Beyond ATC

ATHLETIC DEVELOPMENT

The physical and mental well-being of ATC students, as well as sporting performance, are supported through gym and field sessions that focus on overall Athletic Development and are tailored by age, experience, and intended outcomes.

COACHING

Learning to Coach is hugely beneficial for young people's playing abilities as it encourages them to analyse the game critically, understand why and how things are occurring, plan, implement, communicate, review, etc, while also connecting with younger ATC students. Senior school students are provided with Coaching opportunities and relevant accreditations, along with genuine support in their development from experienced mentors.

OFFICIATING, SCORING, MANAGING

The unsung heroes in sports are the Officials, Scorers, and Managers. Middle and Senior school students gain experience in these critical roles, along with accreditations, guidance from experience staff members, and external opportunities at competitions and tournaments.

EVENT MANAGEMENT

Students are invited to work collaboratively with the Sport Office and relevant Departments in the planning and implementing of sporting events. This provides students with an insight into the "back room" of sport and equips them with highly valuable skills and experience for when they enter the workforce.

COMMUNITY ENGAGEMENT

Budding photographers, videographers, and journalists are encouraged to share their energy and talents by capturing and sharing the many wonderful experiences that happen consistently in the sporting space

PLAYING OPPORTUNITIES – Age and Stage Relevant

INTRODUCTORY LEVEL

All ATC students are given the opportunity to learn the basic skills and concepts of different sports, with the intention of inspiring interest and continued involvement.

INTERNAL

Internal opportunities are those that are focused predominantly on participation with a strong emphasis on personal development, enjoyment and being physically active with fellow ATC students.

EXTERNAL

ATC students are provided with competitive sporting experiences through seasons, tournaments, and tours. Queensland School Sport representative pathways are facilitated and supported for students through the Northern Eagles District, and Metropolitan West Regional Programs.

Year 4

TERM 1	TERM 2	TERM 3	TERM 4
Master Blaster Cricket Swimming Legends Football (Soccer)	Cross Country Legends Basketball	Athletics Legends Touch Football	Touch Football Legends Aussie Rules 2023 Preparation

Year 5 & 6

TERM 1	TERM 2	TERM 3	TERM 4

REPRESENTATIVE SCHOOL SPORT PATHWAYS

The Metropolitan West Representative School Sports Region provides quality opportunities for students aged 10 to 19 years in representative sport to strengthen our region.

ATC is a member of the Northern Eagles School Sport District which is involved in many Queensland School Sports (QSS) throughout the year.

Our boys' pathway for representative sport will be as follows:

ATC SPORT CONTACTS

Mr Jarrod Turner, Head of Sport – turnerj@atc.qld.edu.au
